ZEBRA ROLLER BLINDS

Thanks to the double layer fabric of light filtering (transparent) and non-light-filtering (dim out) stripes, you can play with light and create a modern look. The light filtering (transparent) stripes allow maximum light in and create a feeling of space, while the non-light-filtering (dim out fabric) darkens the room providing you with more privacy.

FABRIC COLOUR CHART

PARGA

This sheer translucent, flame-retardant double roller blind fabric has a delicate woven structure and a subtle silk gloss.

ZAKYNTHOS

This translucent double roller blind fabric is available in five colours. Yarns in the colour of the closed stripes have been woven into the transparent stripes.

CRITICAL INFORMATION TO NOTE

These blinds will function best if they are NOT rolled up around the cassette, revealing an open window. Zebra Roller Blinds are meant to hang permanently – only moving the blind to an either sheer fabric or solid (dim out) fabric. If the blinds are constantly rolled up and down it could impact the fabric lines and balance, resulting in skew fabric lines. If this is not a suitable solution for you, consider the DAY/NIGHT bracket which can house both sheer screens and block out and allow for both the blinds to be drawn up, revealing an open window.
